Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments:

Ms. Ebel called to request a clarification of restriction mailed 3/11/03 noting the varying fields of classification between I and II. Upon review of the restriction the examiner indicated that the nature of the A2 group should have been included in Group I and II. In Group I A2 = aryl, cycloalkyl and substituted derivatives thereof. In Group II A2 = heteroaryl and substituted derivatives. Said groups as indicated in the restriction are separately and variously classified. It was agreed the examiner would insert the above A2 choices into the respective groups on the PTO's copy.

(A fuller description, if necessary, and a copy of the amendments which the examiner agreed would render the claims allowable, if available, must be attached. Also, where no copy of the amendments that would render the claims allowable is available, a summary thereof must be attached.)
